

Dr Benton, Dr Lu and Dr Wang are available by appointment only. For urgent consults, please contact their secretary so they can best accommodate.

New patients should bring the following to the consultation:

- A valid GP referral (for medicare rebate claim)
- Investigation reports (X-rays, MRIs, ultrasounds, blood test results if any)
- A list of current medications
- Any recent hospital discharge summaries
- A pensioner concession card (if you hold one)
- Medicare card
- Private health care card (if you hold one)

WHAT TO EXPECT

All our doctors allocate up to 45 minutes for new patients. During the consultation, a thorough history of your symptoms will be undertaken along with a musculoskeletal examination. Please come dressed appropriately as a bedside ultrasound scan may also need to be performed. Investigation results will be discussed and a personalised treatment plan will be formulated.

Subsequent consultations are allocated 15 minutes for review of progress.
